

# Technical data sheet

## Premium Gold DTF Lijmpoeder

is a high performance thermoplastic polyurethane (TPU). The low fusing temperature, softness and elasticity makes it particularly suitable for transfer printing applications.

PRODUCT NAME	PREMIUM GOLD DTF LIJMPOEDER
<b>TECHNICAL TARGET VALUES</b>	
Melt-flow rate (2.16kg)	160 °C
Melting range	105 - 120 °C
Density	1.16 g/cm <sup>3</sup>
Washing resistance	60 °C
Dry cleaning resistance	Good
Paste dot	0 - 80 µm
Powder dot	100 - 200 µm
Conditions	Must be stored dry
